PROFESSIONAL SUMMARY

Tech-savvy Content Manager and Senior Copywriter with C2 English proficiency and a strong background in IT and hardware. Proven ability to bridge the gap between complex technical products and engaging, user-centric copy. Over the past 2 years, I have successfully scaled content production (articles, social media, technical localization) using Generative AI and automation tools. Combining hands-on IT experience with high-level storytelling, I am uniquely positioned to create compelling B2B content for hardware and software solutions in the US/Canadian markets.

CORE SKILLS

Content & Copywriting: B2B Copywriting, Tech Writing, Content Strategy, SEO Basics, Localization (RU to EN), Storytelling.

AI & Automation: AI-Accelerated Content Generation (primarily Gemini, Claude, Kling, Nano Banana, GPT-Image-2), Prompt Engineering, Workflow Automation.

Tech Literacy: Deep understanding of software/hardware logic, web development (HTML/CSS), IT troubleshooting.

PROFESSIONAL EXPERIENCE

Content Manager & AI Operations Specialist

Confidential Tech Project (NDA) | Mar 2025 - Present

- High-Volume Content Production: Managed end-to-end content strategy, utilizing Generative AI tools to scale the creation of analytical articles, news reports, and marketing copy.
- Multilingual Copywriting: Monitored regional media and produced engaging, technically accurate copy in English and Russian, ensuring high readability for diverse audiences.
- Digital Growth & SMM: Spearheaded organic social media growth across multiple platforms (YouTube, Reddit, Telegram), achieving a record 300,000+ organic views on a single piece of content.
- Process Automation: Developed a custom application to automate the export and formatting of text data into .docx, saving hours of manual content entry.
- Technical & Operations Support: Maintained daily/weekly performance analytics and provided internal IT/hardware support, demonstrating a strong grasp of technical infrastructure.

Lead English Localizer & Co-Scriptwriter

Kadence (Indie Game Studio) | Jun 2026 - Present

- C2 Level Localization: Leading the English localization of a technical, story-driven simulator. Translating and adapting complex Russian drafts into natural, stylish, and immersive English.
- Technical Storytelling: Transforming raw product specifications (hidden stats, character skeletons, hardware mechanics) into engaging, witty, and lifelike dialogues tailored to a niche audience.

English Teacher

Novoelnya School | Sep 2024 - Mar 2025

- Leveraged advanced linguistics (C2 Level) to deliver customized English lessons, focusing on grammar structure, reading comprehension, and natural communication.

Freelance IT Specialist & Web Developer

Self-Employed | Jul 2018 - Jul 2019

- Hardware & Software: Provided on-demand PC hardware diagnostics, repair, and configuration (hands-on experience with hardware solutions like ELD devices).
- Web & Multimedia: Hand-coded websites using HTML/CSS and produced multimedia content using Premiere Pro and Vegas Pro.

EDUCATION & CERTIFICATIONS

Bachelor's Degree, Foreign Languages

Yanka Kupala State University of Grodno | 2019 - 2024

EF SET English Certificate (C2 Proficient)

Score 86/100 | Issued 2025
